## **Two Companies Two Forces Join As One**

Award-winning wall-covering, fabric and mural design specialist Annette Taylor-Anderson of ATADesigns and Gareth Wyn Jones, founder of Wallsmiths Printing, an expert in wallpaper printing have joined forces as design and printing consultants to work on healthcare and care home projects together.

We offer our customers a bespoke design service where we work closely with our clients to create a design from scratch to suit their project needs. We also have a range of wall-covering and mural collections for projects.

### **Bringing The Outside-In**

We work closely with our clients to create the best quality designs printed on high-quality contract wall-coverings suitable for healthcare and care homes. Our clients like to bring the outside into a design inspired by nature or local surroundings to evoke memory and familiarity.

We like our clients to feel right at home with our beautifully styled designs with well-being in mind.

We at ATADesigns create the designs, and Wallsmiths provides fantastic quality printing on wide-width contract wall-coverings.

This magazine features a couple of projects giving you a taster of what we do.

At Towerview Care,  
we created  
a music wall mural  
to stimulate  
and evoke memory.

Featuring iconic  
images  
of film stars  
and singers  
back in the day,  
such as  
Elvis Presley,  
Doris Day

## Response

Harry,  
a gentlemen resident at  
Towerview, responded to the  
music wall mural and said,  
“yes, it’s got all the people”.

When asked if he had  
recognised anyone?  
He replied, “that’s Doris Day”,  
with a huge grin..

We love this!

At Towerview Care,  
we sourced a local map.  
We re-coloured it (vintage style)  
and incorporated places of interest.

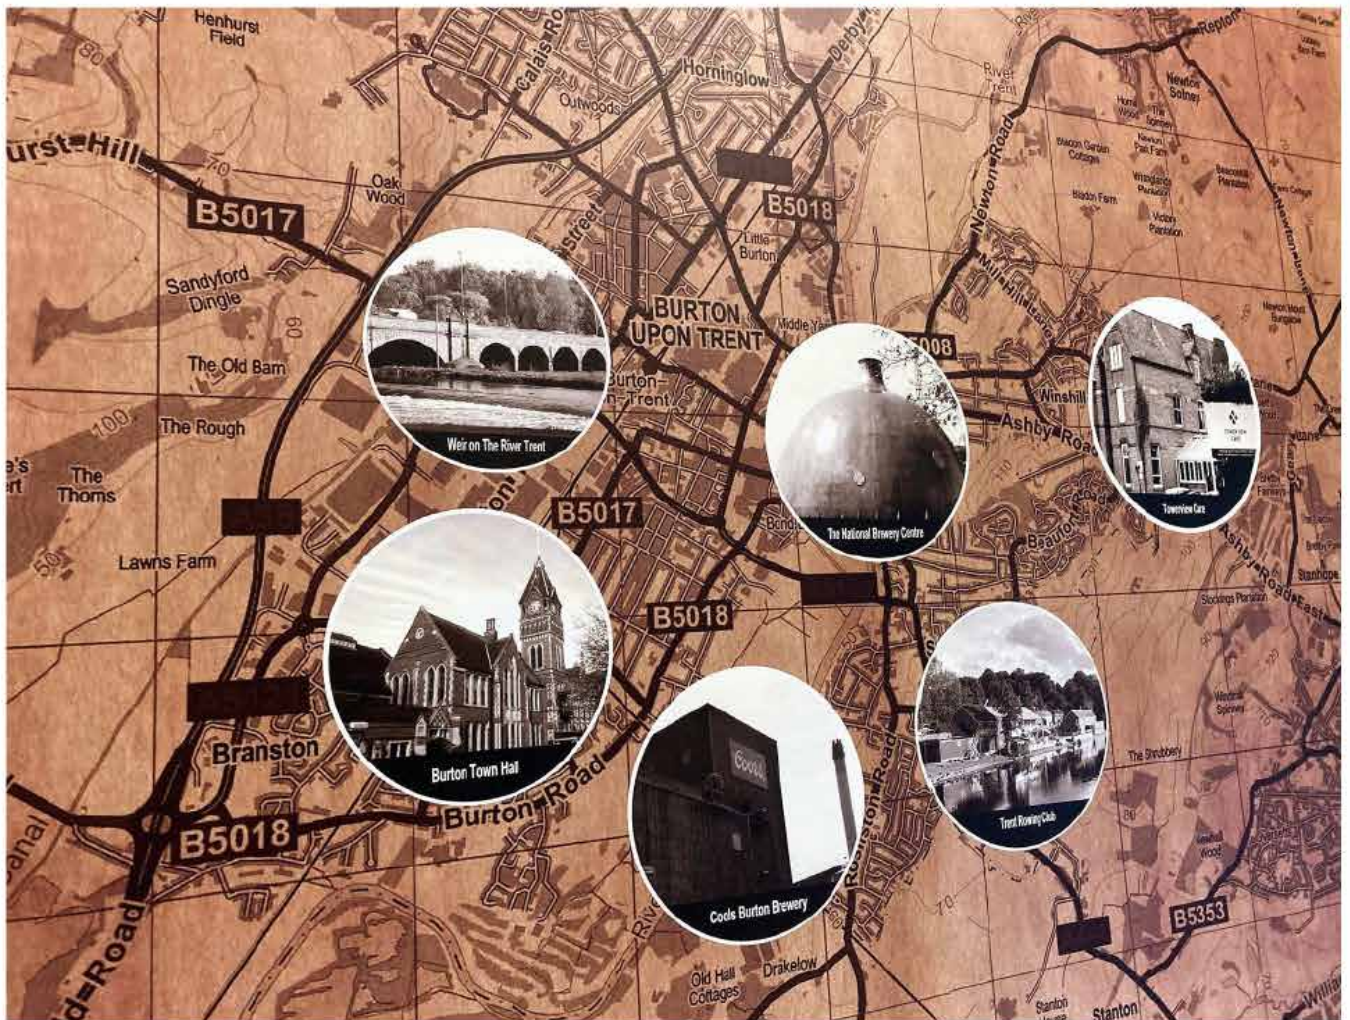

# Boutique Maps

We have a special license agreement  
with a mapping company.

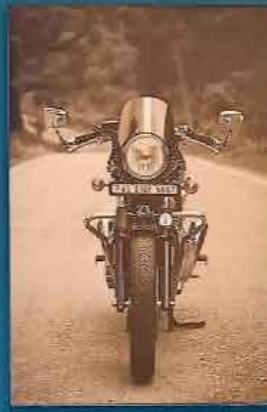

We work with maps from anywhere  
in the UK including A-Z maps.

The 1951 Frazer Sedan Sedan shows the sleek, new beauty of the sportswear design. Its wide-open trunk proves makes the Frazer the power bag of '51.

The 1951 Frazer Sportswear—the former Frazer Cabriolet—converts in 10 seconds from luxurious to passenger vehicle to optional carry-all for sports or business appointments.

five new handcrafted body styles 1951 FRAZER

Truly built to better the best on the road, the 1951 Frazers are handcrafted—with regally rich interiors in a wide variety of exclusive colors and fabrics. All models are powered with the new Supersonic High Torque Engine, Hydra-Matic Drive, optional at extra cost. *The Pride of Willow Run*

The 1951 Frazer Convertible, America's only fabric convertible, has a hardtop conversion, ready, convenient and available...of course a fully automatic top!

The 1951 Frazer Handicap covers its two models—one with its metal top covered in glassless safety, the other with its top covered in shattering safety. Either top enhances to the utmost the convertible look in solid steel.

# Custom Canvases

At Towerview Care,  
we sourced vintage images.  
We photographed nature from the local area.  
We printed our images onto canvases  
made very secure for the wall space.

# Cherry Tree Cottage

At Cranford Residential Home,  
we created a cottage-style bar mural  
for the Cherry Tree Cottage pub-style shed space.  
A space transformed by Cranford  
greatly enjoyed by the  
residents, staff, visitors and families.

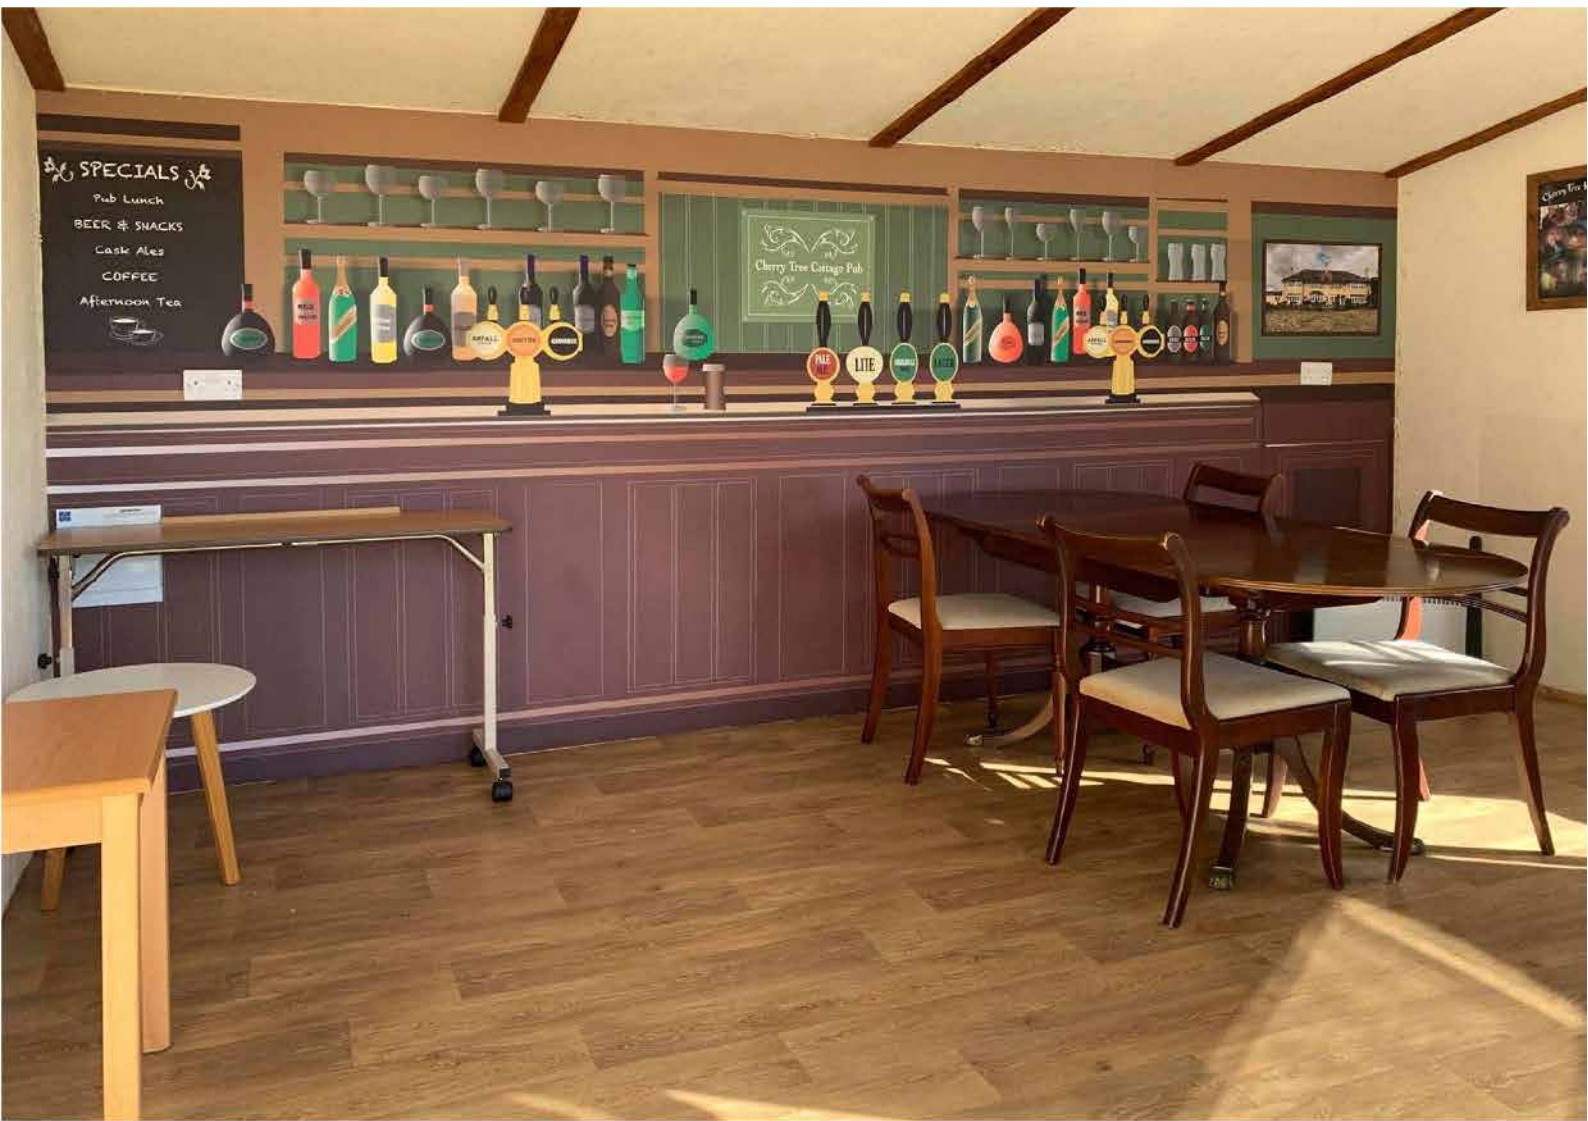

**Cottage Style**

**Bar Mural**

Cranford created a space where visitors can enjoy meeting the residents over lite food and beverages, especially during the summer.

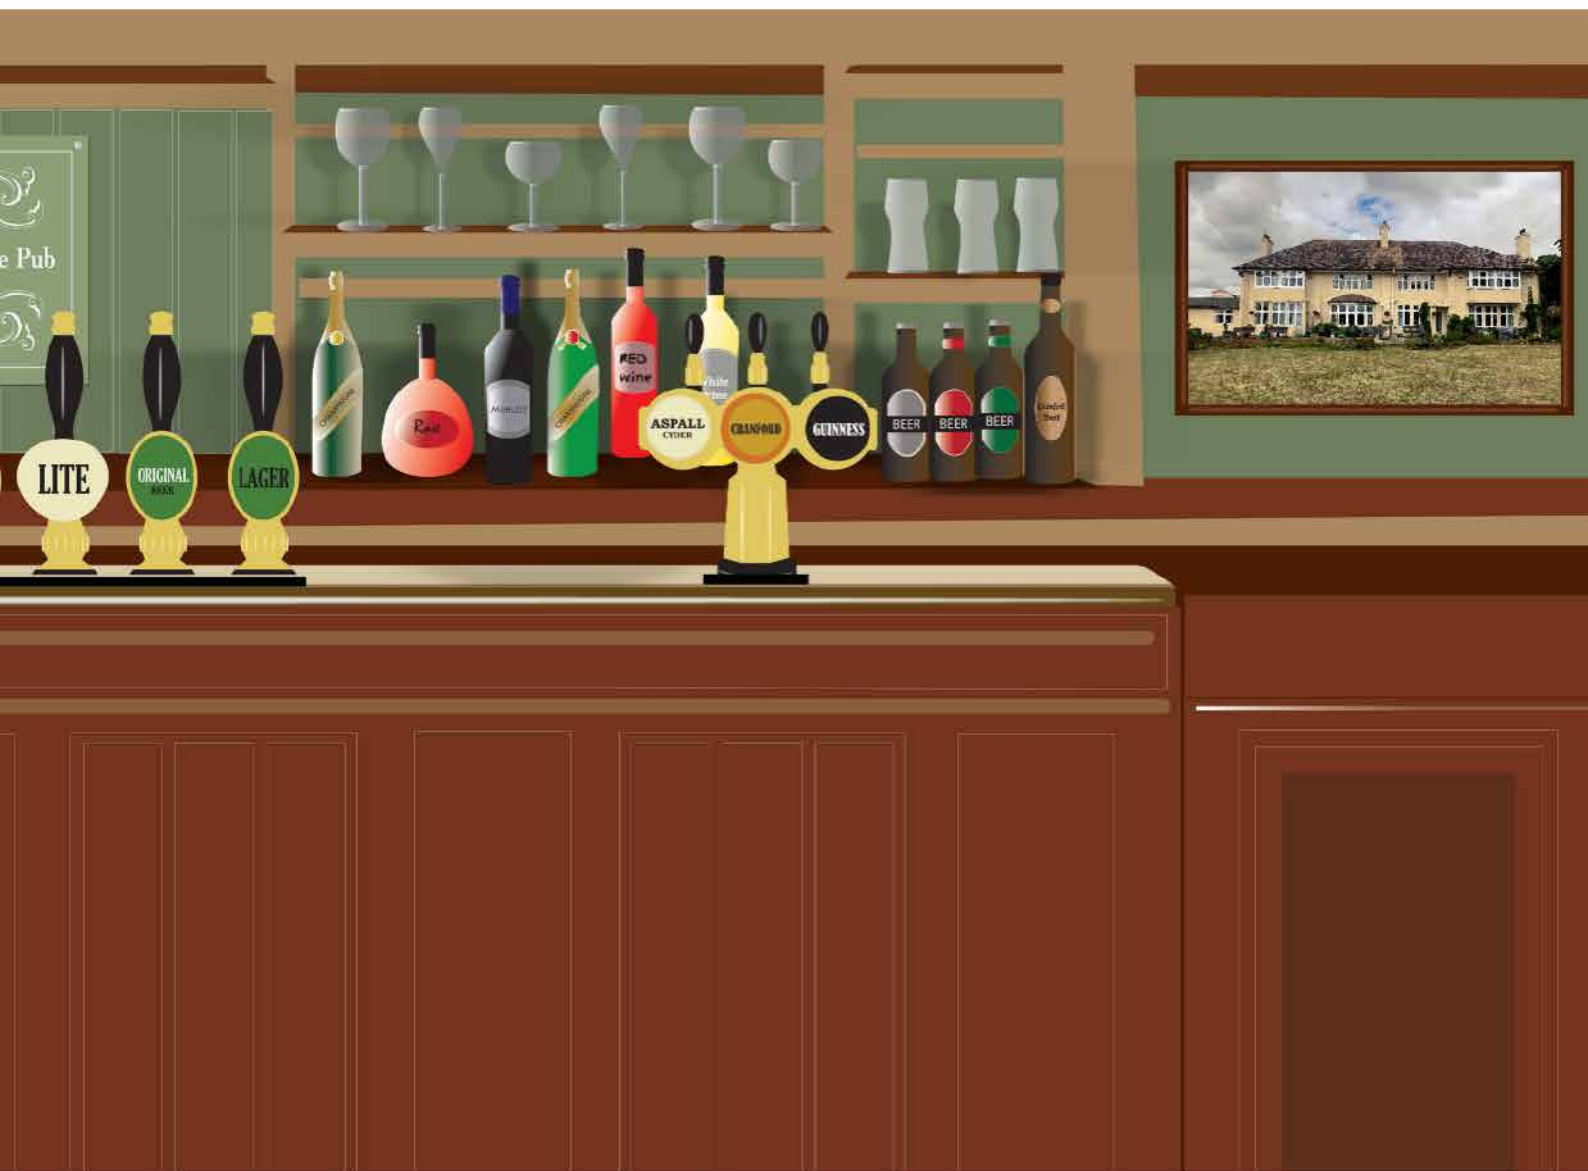

# About Bar Mural Design

We created a life-size bar mural with a selection of life-size drinks bottles and glasses.  
We also created Canford's very own life-size wine bottles for the bar.

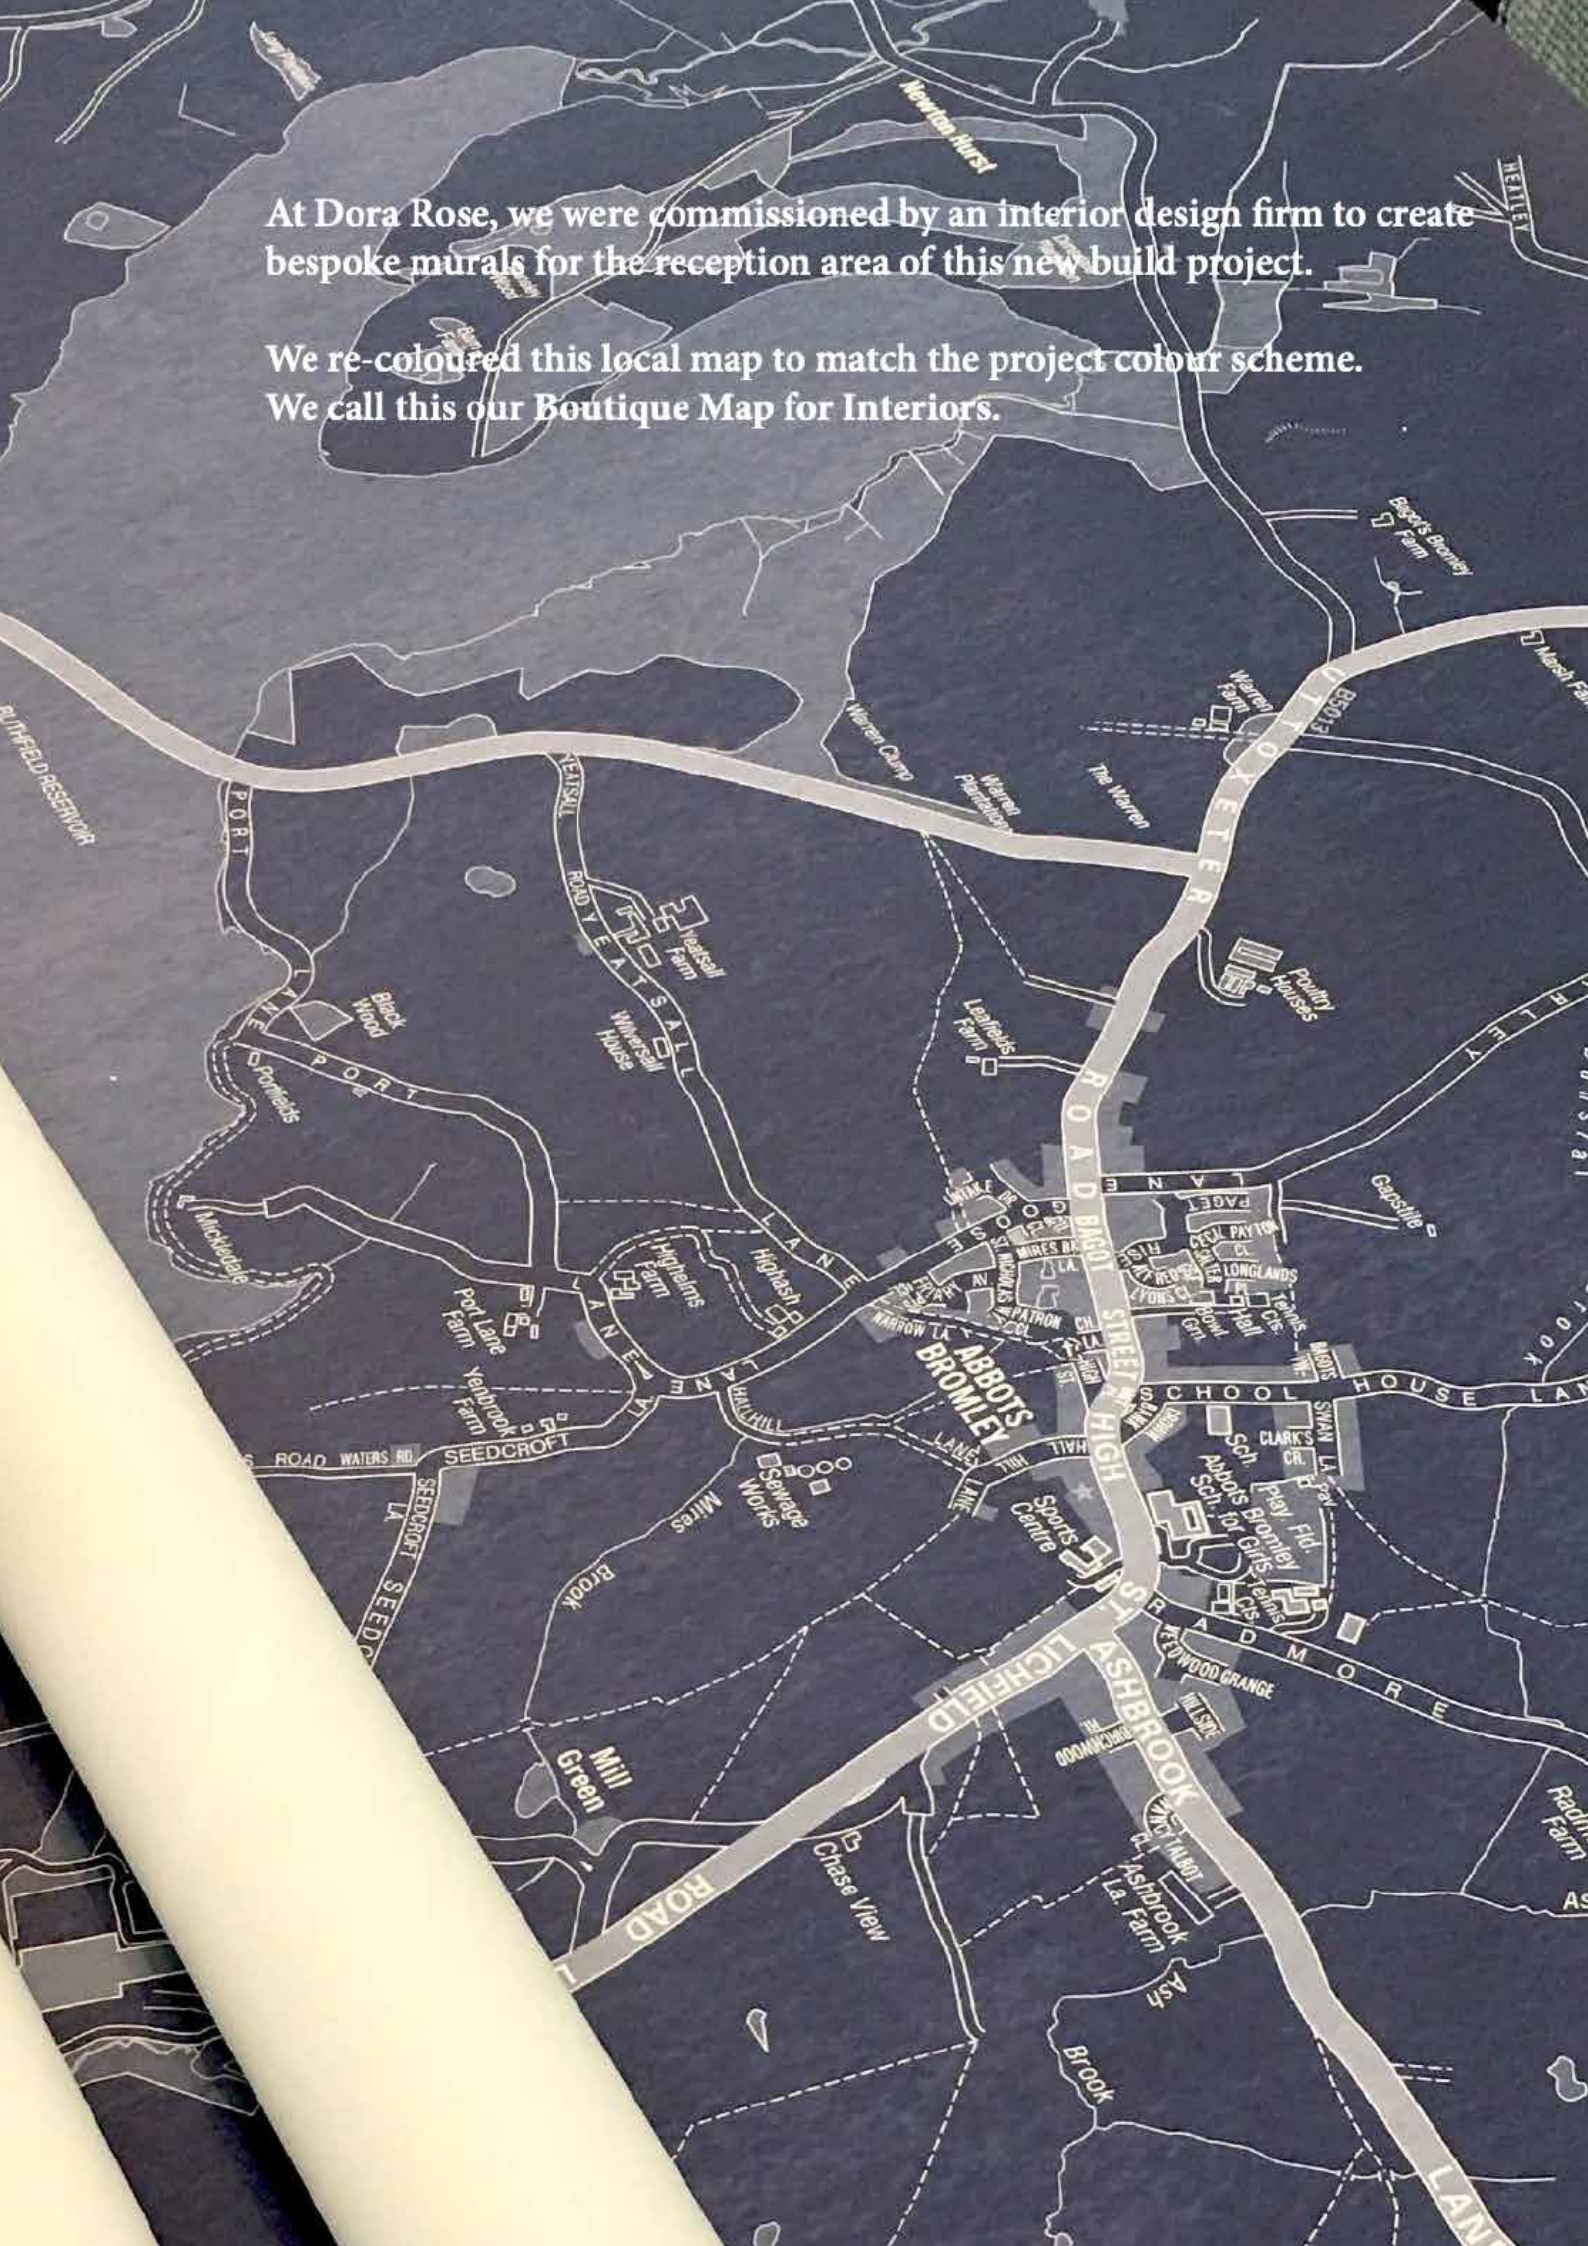

**Bespoke Printing**

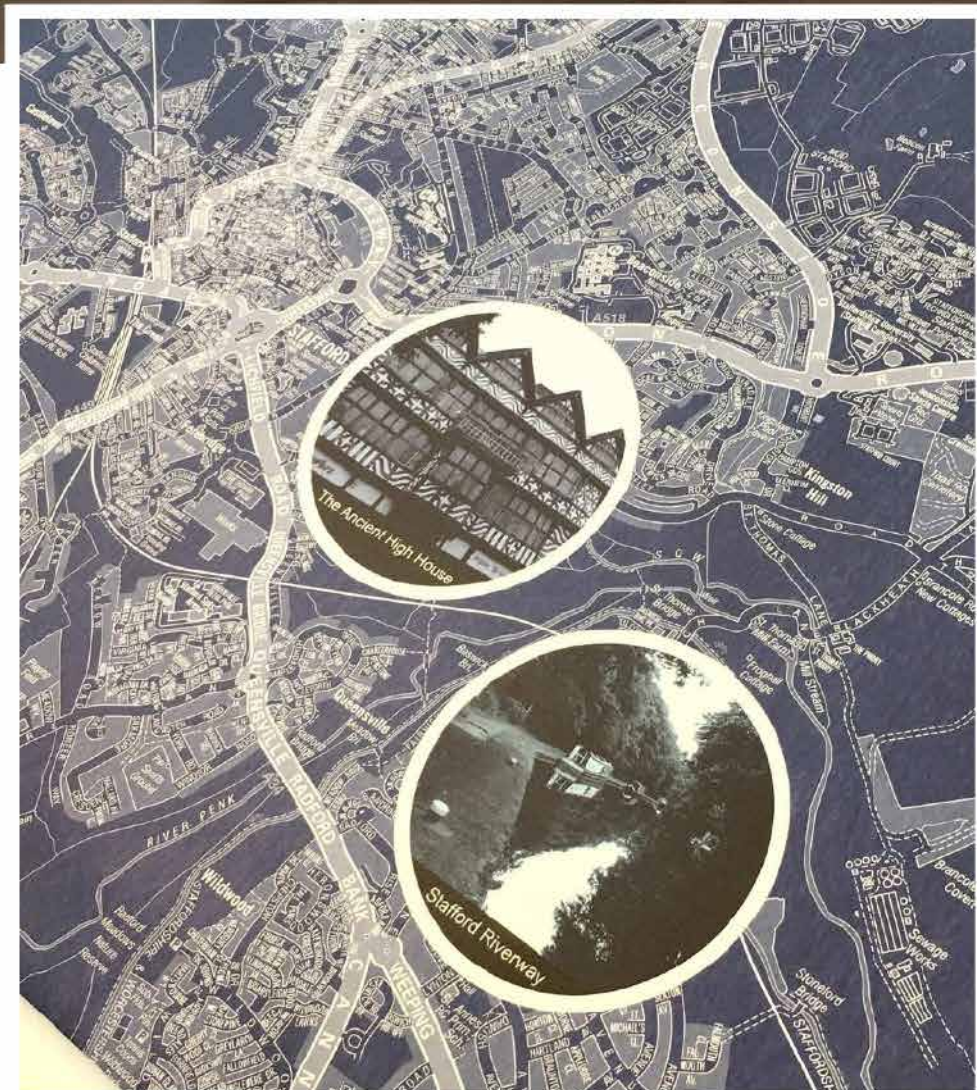

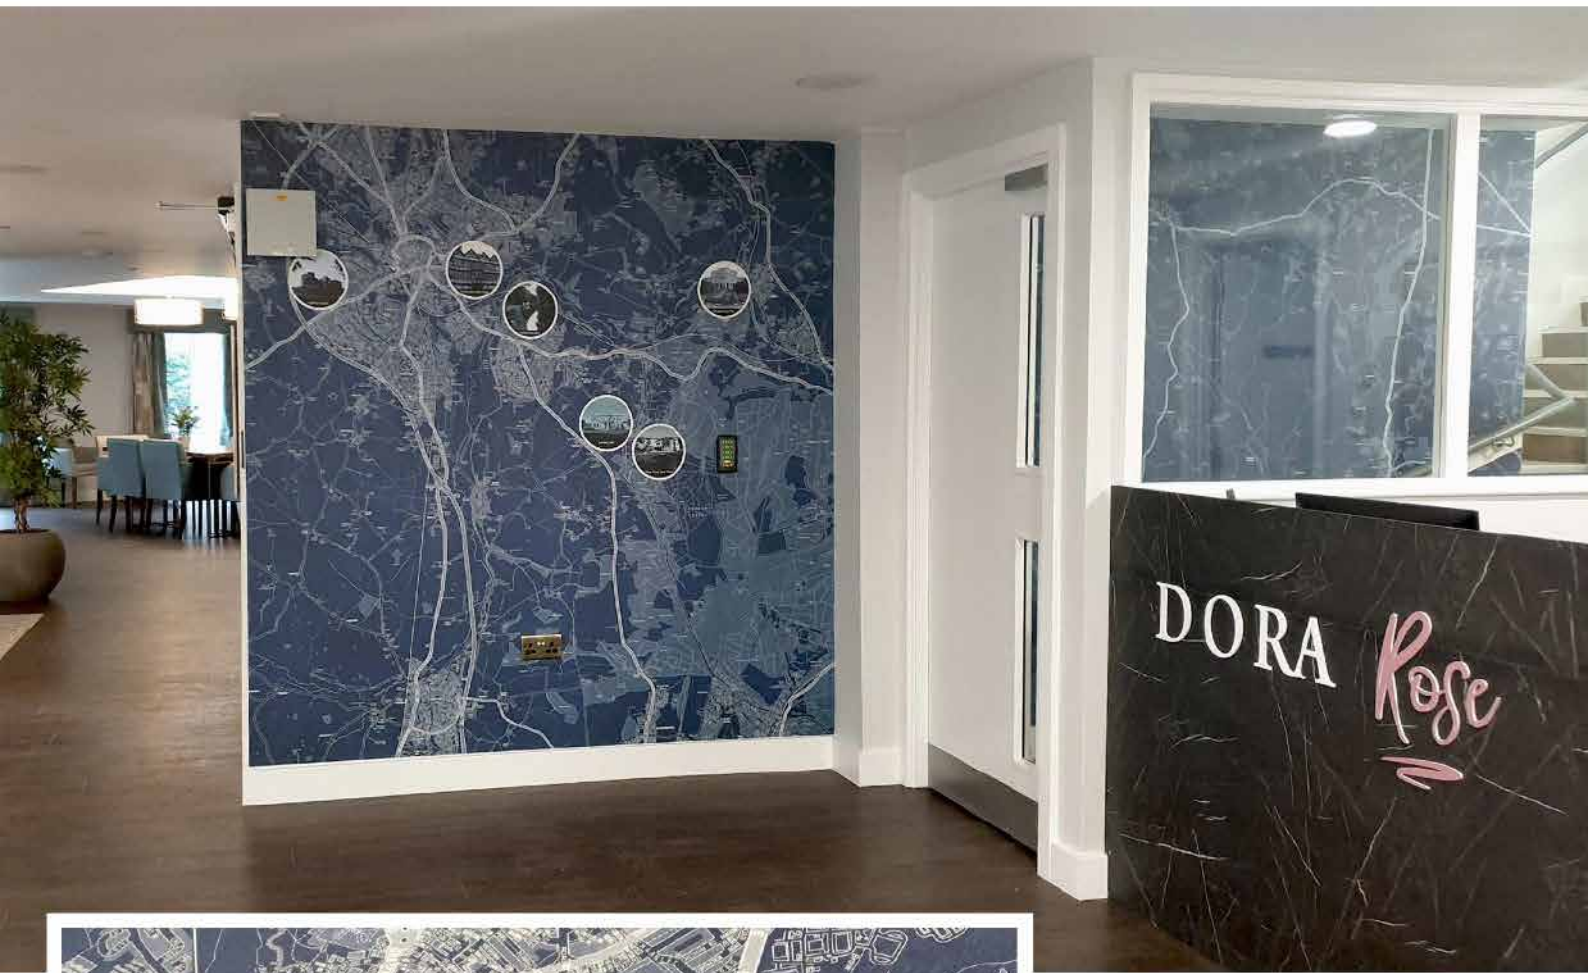

At Dora Rose, we were commissioned by an interior design firm to create bespoke murals for the reception area of this new build project.

We re-coloured this local map to match the project colour scheme. We call this our Boutique Map for Interiors.

## Boutique Maps

Our Boutique Maps for Interiors feature at Dora Rose.

We re-coloured and sourced places of interest. We incorporated our findings into this into the map.

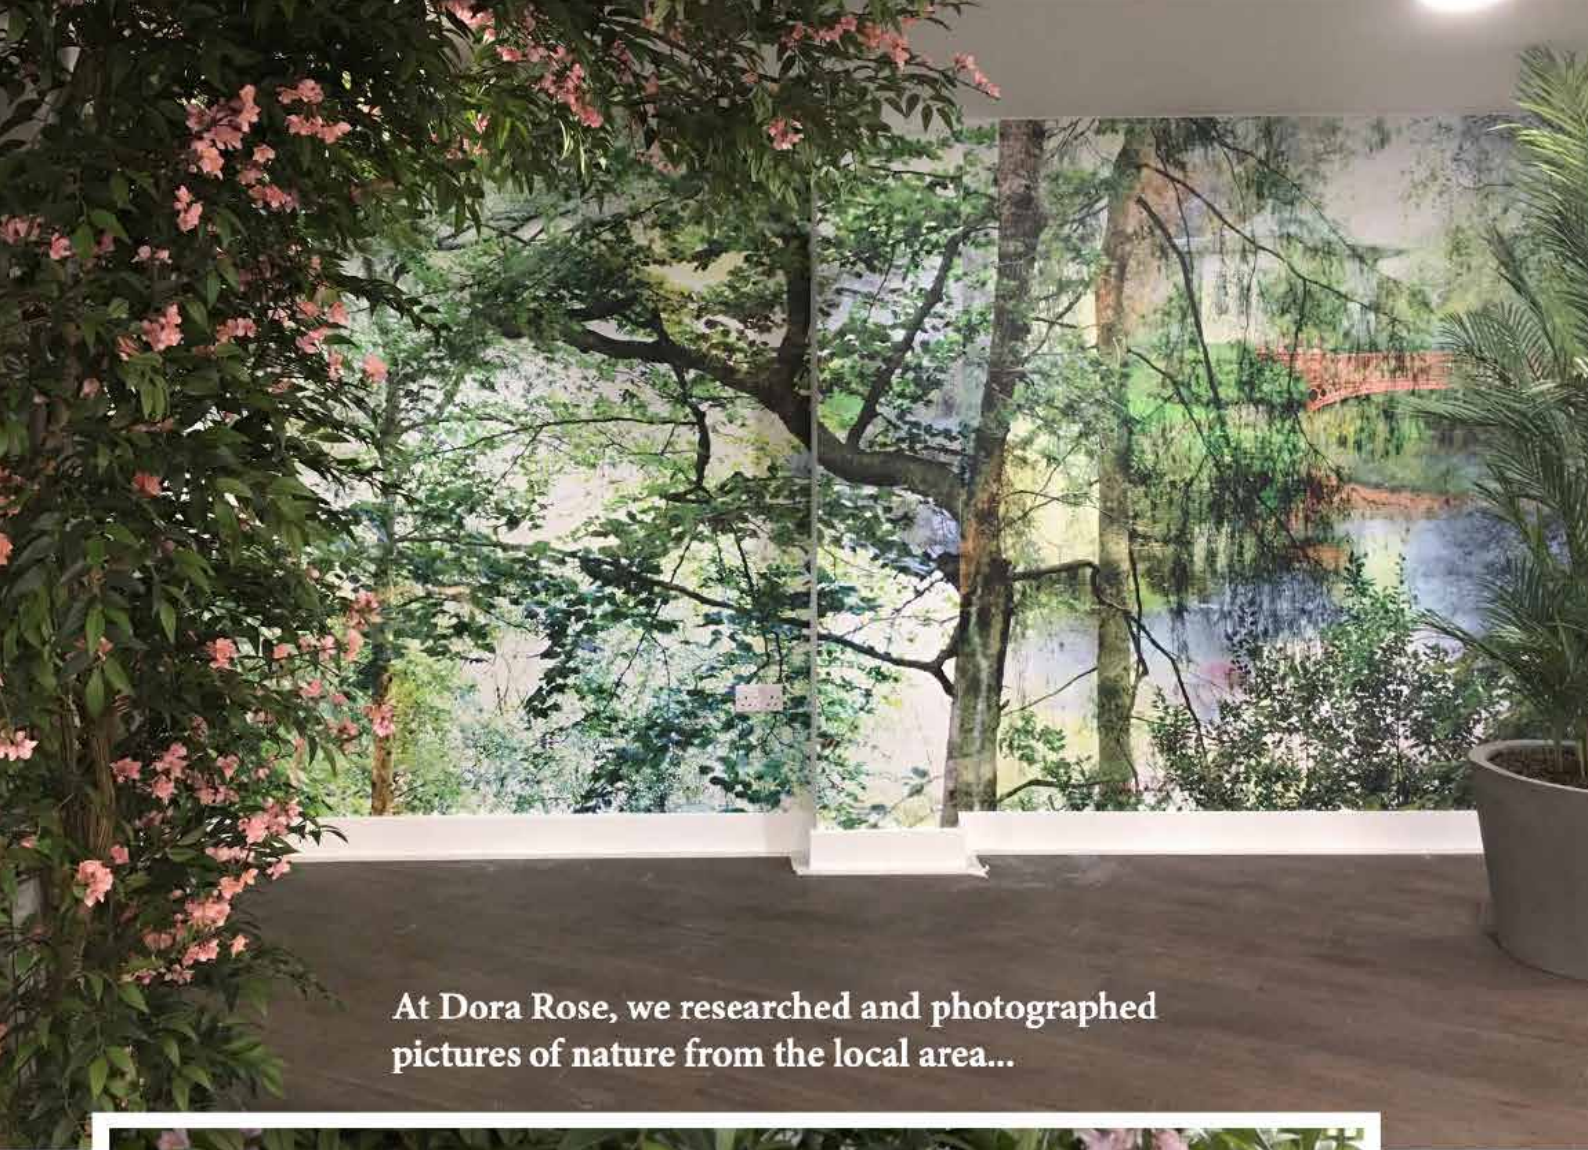

We love to re-colour.

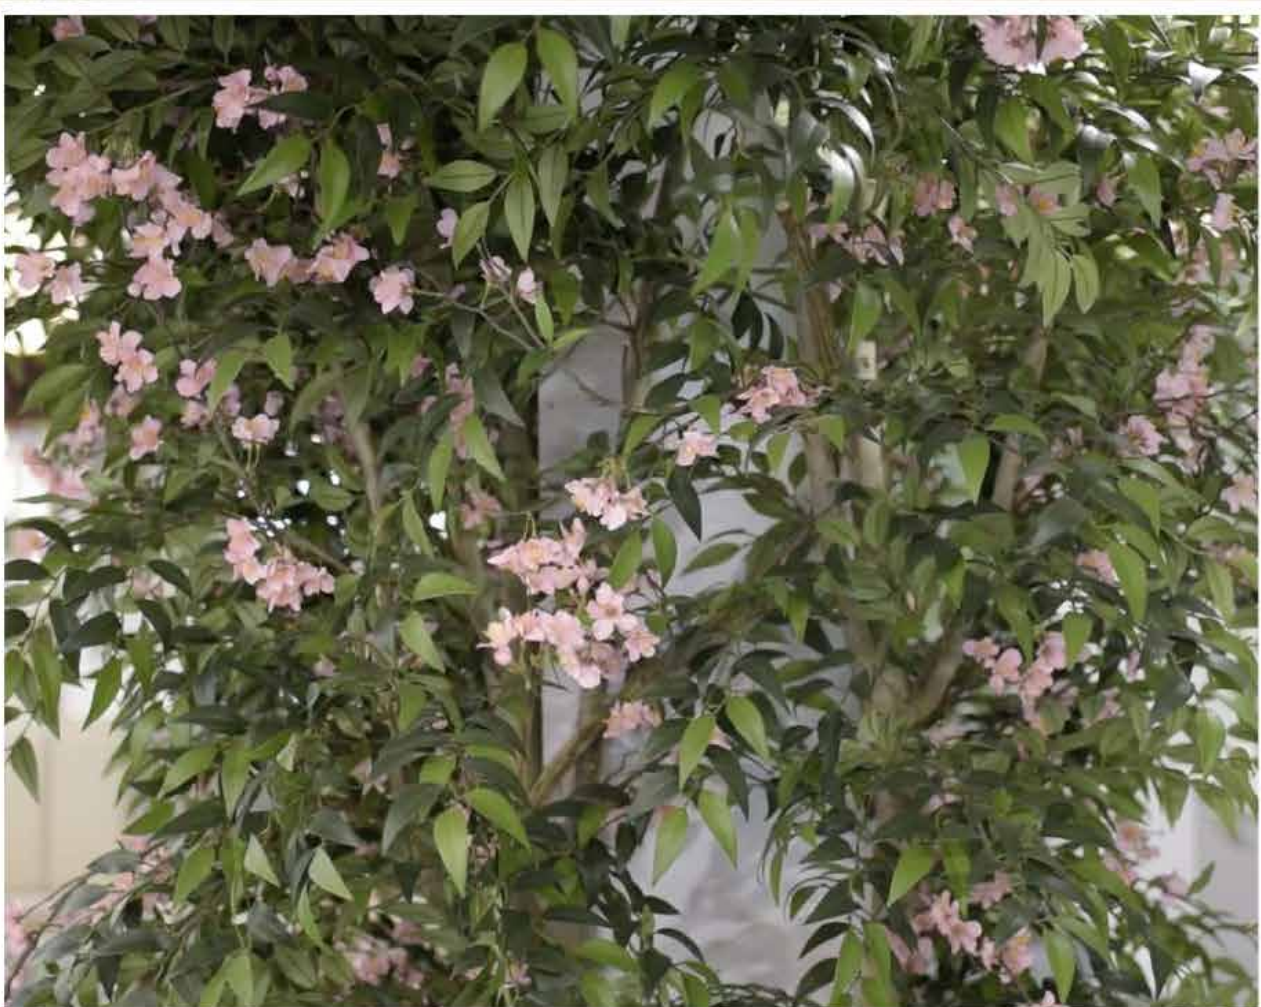

A vibrant indoor garden scene. In the foreground, large, green, feathery plants, possibly palms or bromeliads, are in sharp focus. A wooden walkway with a reddish-brown finish runs horizontally across the middle ground. The background is filled with a dense variety of green plants, including ferns and other foliage, creating a lush, natural atmosphere. The lighting is bright and even, highlighting the textures of the plants and the wood.

# The Reception Area

We are very good at bringing the outside into a design. It is our speciality.

Designing wall-coverings and murals for the care home sector is an area ATADesigns & Wallsmiths have been exploring in the past years. With an ageing population living longer, more and more care homes are in demand. Creating a safe and caring environment in a care home is crucial, and this includes its interiors. We like to think that our wall-coverings and mural designs will play a part in this type of environment.
